Madagascar

Lemurs, Birds, Chameleons and Malagasy Hospitality

August 3 To 19, 2019
MADAGASCAR ~ AN OVERVIEW

Madagascar split off from the African continent 80 million years ago to form the world’s fourth largest island. It’s a living laboratory for evolution, where the adventurous traveler can explore its diverse landscape of spiny desert, tropical moist and dry forests, and mountainous terrain in search of Madagascar’s renowned odd creatures and botanical marvels. The vast majority of its flora and fauna are endemic, meaning they exist nowhere else in the world. These include more than 100 species of lemurs. The most endangered tortoise in the world, Angokoka — commonly known as ploughshare — and many unusual birds, frogs and chameleons all make their home in a country with a unique blend of Asian and African cultures. Marco Polo first reported the island’s existence. Throughout the centuries, embattled African slaves, intrepid Indian and Portuguese traders, European pirates, and French colonists arrived at its shores, eventually establishing 18 official “tribes.” During our travels, we’ll discover the creative spirit of the Malagasy people expressed in their thoughtful and colorful monuments honoring their ancestors. As we traverse this beautiful island paradise of contrasting arid and tropical landscapes, we’ll discover the gift of Malagasy hospitality along with a vast store of incomparable memories.
Your Itinerary

Day 1~Saturday~August 3
Houston/Paris/En Route
Your adventure begins as you board your overnight flight to Paris. (Meals Aloft)

Day 2~Sunday~August 4
Paris/Antananarivo
Upon arrival in Paris, connect with your flight to Antananarivo, Madagascar, where you will be met by your professional naturalist and escorted to your well-appointed hotel. A short drive from the airport through lush green rice fields will bring you to the city with its brightly colored houses stacked up the hillsides and its deliciously foreign flavor.

Antananarivo is situated in the central part of the island on the slopes of a rocky ridge that rises to about 4,700 feet. The city of 1,000 warriors takes its name from an episode in Malagasy history. When King Andrianjaka, who had called his people the Merina (highlanders) occupied the 12 sacred hills upon which Analamanga (where the forest is blue) was built, he had his royal palace and stronghold erected. One thousand warriors were quartered there. He called this city Antananarivo. The community grew in importance as the Merina dynasty, notably Radama I, gained control of most of the island in the 19th century. The French captured the city in 1895, and subsequently it became the capital of the French dependency of Madagascar. Today, the city is the chief economic, cultural, and administrative center of the country. It is the trade center for a rice-growing region, and industries here manufacture processed food, tobacco products, textiles, and leather goods.

Your home for this evening, the Hotel Colbert, is located in an upscale area in the upper town of Antananarivo and offers a unique blend of French tradition and enchanting Malagasy hospitality. All rooms are equipped with satellite television, radio, mini-bar, tea/coffee-making facilities, telephone, and en suite bathrooms. Boasting an excellent French restaurant, which has been open since 1928, it also has a more casual café with chairs and tables on the pavement outside. The cozy bar and international casino adds to the ambiance, and the pool and spa round out the facilities of this charming five-star hotel.

Day 3~Monday~August 5
Antananarivo
Your morning drive takes you to discover the Royal Hill of Ambohimanga, one of the 12 sacred hills surrounding Antananarivo, and visit the ruins of the palace of King Andrianampoinimerina, a site of cultural and historical significance. Situated just 15 miles from the capital, Ambohimanga is the birthplace of the Malagasy state, the Mecca of the Merina Kingdom, and the starting point for the unification of Imerina. Known variously as “the blue city,”
“the holy city,” and “the forbidden city,” it is surrounded by forests. The citadel was an important Merina stronghold and retains several structures associated with their ceremonies.

In the 18th century, Ambohimanga was a town that needed to protect its royal family. Surrounded naturally by forests, the town also erected a massive wall and seven outer gates to protect its people. Its main gate, known as Ambatomitsangana, was an enormous stone disc weighing 12 tons and over 130 feet in circumference. Each night, the guards would roll the stone into position, blocking off the main entrance to the town.

On your return, you will stop at Tsimbazaza, the only zoo of its kind in Madagascar. On November 1989, the WWF celebrated its tenth year in Madagascar by opening an environmental teaching center at the zoo. Malagasy people call it “park of Tsimbazaza” instead of a zoo. Tsimbazaza is a botanical and zoological garden with many specimens of the very peculiar Malagasy flora and fauna: lemurs, extraordinary chameleons, insects and birds. There is a skeleton of a giant extinct bird, the aepiorni, standing ten feet tall over its nine-quart egg (an ostrich egg measures a quart and a half). In addition to the awesome natural surroundings, Tsimbazaza Zoological and Botanical Garden also has an outstanding museum with fascinating displays to enjoy.

Your welcome dinner tonight will be at a local restaurant.

DAYS 4/5/6—TUESDAY/WEDNESDAY/THURSDAY—AUGUST 6/7/8
FORT DAUPHIN/BERENTY RESERVE
Your flight takes you to picturesque Fort Dauphin in the most exotic and famous part of Madagascar. From Fort Dauphin, board your 4X4 vehicle and drive west (56 miles/4 hours) to Berenty, home of the Antandroy people. This region of "spiny desert" has weird cactus-like trees. Here you can still find pieces of shell from the extinct elephant bird. The Mahafaly tribe erects their intriguing and often entertaining "aloalo" (funerary pole sculpture) above their graves. The landscape is dramatic, with rugged green hills for the first half of the journey giving way to a flat landscape and a skyline interspersed with baobab trees and spiny trees, including the "octopus tree" and other spiny plants.

Bordering the Mandrare River, the Berenty Reserve includes more than 600 acres of gallery and riverine forest. For three days, you’ll explore this superb private wildlife reserve, famous for its population of ring-tailed lemurs and sifakas. Here, the de Heaulme family established a reserve on the bank of the Mandrare River with shady tamarind trees to protect the woods and the lemurs. It is not unusual for the photogenic ring-tailed lemurs to take bananas from your hand: they are used to humans and are quite tame. The lemur babies, clinging to their mothers are also quite fascinating. Although they rarely come down from the trees, the sifaka is by far the most picturesque primate, with creamy white fur, a brown cap and black face. Their unique way of sunbathing is quite marvelous. At dawn, enjoy the lemurs’ antics and early chorus of birdlife and you may see hundreds of fruit bats clinging just under the forest canopy. Crested and Giant Couas, Cuckoo-rollers, Vasa Parrots, Hook-billed Vangas, Gray-headed Love-birds, and Harrier Hawks are just some of the 56 species of birds you may see, as well as a great variety of butterflies and chameleons.

Your home for the next three nights, Berenty Lodge, is located in the middle of a remarkable private reserve where animals are quite literally all around you. The accommodations at the lodge are fairly basic, so guests should not expect luxury. The lodge has 12 comfortable, environmentally orientated bungalows. Each of the bungalows has an en suite bathroom with a toilet and shower and is air conditioned. The main facilities at the lodge include a bar and restaurant, which serves traditional Malagasy style food incorporating seafood and the catch of the day. During your stay, you’ll enjoy hikes in the beautiful tamarind forest along the wide, well swept paths where many surprise encounters with the reserve’s teeming wildlife might occur. On one of your days here you’ll visit the ethnographic museum and textile collections, followed by a tour of the adjacent sisal plantation, or relax among the playful lemurs at your lodge’s tea garden.

**Days 7/8- Saturday/August 9/10**  
**Fort Dauphin- Andohahela National Park & Nahampoana Private**

Leave Berenty early in the morning and drive to Andohahela National Park, with its special forest ecosystem combining a semi-arid dry forest and a lush forest. The park covers 295 square miles of the Anosy Mountain range, the southernmost spur of the Malagasy Highlands.

The variety of habitats within Andohahela is mirrored in the richness of species found there. Fifteen species of lemurs have been recorded, including ring-tailed lemurs, mouse lemurs, and one of Madagascar’s most emblematic species, Verreaux’s sifaka. More than 130 species of birds, 67 species of reptiles, turtles, and snakes, and 50 species of amphibians live together in the area. The park has an extensive bird list, including Long-tailed Ground Rollers, Lafresnaye’s Vanga, Olive-capped Couas, and more.

At Tsimelahy, the intermediate forest, discover natural swimming pools, reptiles and birds, and visit a local village. And at Mangatsiaka, explore the dry forest, home to lemurs and reptiles and several species of birds, as well as the beautiful forest of Didieraceae.

On your second day here visit Nahampoana Private Reserve, situated a mere 4.3 miles from Fort Dauphin. Inside the reserve you’ll discover its rich and diverse fauna and flora, including four species of lemurs, reptiles, and birds as well as the vegetation of the east and south coasts of Madagascar. Natural swimming pools, waterfalls, and caves can also be seen during the walk. You can also explore the reserve by canoe on the small river that surrounds it. Other animals in the park include chameleons, tortoises, crocodiles, and a wide variety of birds.

After having lunch drive back to Fort Dauphin. En route visit Saiadi Botanical Gardens known not only for a variety of interesting flora, including the carnivorous pitcher plants, but also for its wildlife including the Nile crocodiles and the delightful ring-tailed lemurs and brown lemurs.

Your hotel in Fort Dauphin is one of the newest, built in a semi-circle around a lovely garden and located in the center of Fort Dauphin. The 32 rooms are carefully decorated and are air conditioned, along with television (satellite channels), mini-fridge, telephone, and internet connection.

Overnights at the LA CROIX DU Sud HOTEL. (B,L,D Daily)
Your flight(s) now takes you to Tulear, where you will board your vehicle and drive to Isalo National Park (5 hours). Here the scenery is dominated by granite domes and expansive golden rice fields. You’ll also meet the Bara tribe, known as cattle herders, who carry spears for protection against enemies. Zebu (cattle) stealing is part of the process of becoming a man in this region and is necessary to obtain approval from a family to marry their daughter. The terrain is more desert-like, allowing the sky to fill with all the radiant colors of the setting sun. One of the most frequented national parks in Madagascar, Isalo National Park is a spectacular site, quiet and full of mysteries. Established in 1962, this massive park covers 315 square miles, its rocks dating from the Jurassic Period. These rocks (known as "ruinformes") have been sculpted by wind and water into weird and wonderful shapes: eyes, beaks, and faces. It is quite surprising to find a place like Isalo in Madagascar, and most first-time visitors to the country come expecting tropical beaches, rain forests, and, of course, lemurs. And there are, in fact, many to be found in Isalo!

You’ll awaken to a view of the sandstone canyon massif, markedly different from any place you’ve visited so far on the trip and impressive in its grandeur and unusual eroded shapes. Succulents and fire-resistant trees, such as the tapia, on which the endemic silkworms feed, are native here. In the early morning, the Black Kite will soar regally overhead as if it owns the desert sky. The endemic Benson’s Rock Thrush is found only in this area and will be heard singing in the morning from the prominent rock perches. You’ll also explore the park looking for ringtails, sifakas, and brown lemurs.

At the Isalo Interpretation Centre, learn about the local indigenous tribes whose mysterious burial sites are found here.

Spend the next three nights in this stunning area at Le Jardin du Roy. Your hotel is built into the rocks on the edge of the Park and fully integrated in Isalo. The lodge offers 15 spacious and luxurious rooms, each with a private terrace overlooking the sights of Isalo. Le Jardin du Roy also has a pool in the gardens as well as a dining room and bar. Spa and massage service is available. Relax on your own private verandah and watch the sunsets on the panoramic cliffs or take a ride on horseback or hike in the surrounding countryside.

Overnights at the LE JARDIN DU ROY. (B,L,D Daily)
**DAY 12—WEDNESDAY—AUGUST 14**  
RANOHIRA/TULEAR/TANA

Drive (151 miles/5 hours) back to Tulear, known as “the white city” or “sun city,” an oasis of sandy beaches, friendly people, and the third largest coral reef system in the world. The city offers a thousand bright colors, a concert of rhythmic ambience made by the Tsapiky music that, surging through the streets, emphasizes the sensual quality of the culture and the gentleness of its inhabitants.

Time permitting, visit the Arboretum d’Antsokay, a private reserve established around 1980 at the initiative of a Swiss amateur botanist, Herman Petignat. It encompasses an area of 120 acres and is located 7.5 miles southeast of the town of Tulear. More than 900 species of plants are preserved there, of which 90% are endemic to the region and 80% have medicinal values. Among them, many succulent species are listed as threatened.

Enjoy lunch before flying back to Antananarivo and checking back into your charming hotel.  
Overnight at the HOTEL COLBERT. (B,L,D)

**DAYS 13/14/15—THURSDAY/FRIDAY/SATURDAY—AUGUST 15/16/17**  
TANA/ANDASIBE NATIONAL PARK

Your three-hour drive takes you to Andasibe (89 miles/3 hours), with a stop in Marozevo for a short visit of the private reserve, “Pereyras.” This park is owned by a prominent naturalist to help preserve many endemic species of animals. Chameleons, butterflies, insects, geckos, and frogs can be seen inside this park.

Continue with your drive to the National Park of Andasibe, also known as Parc National d’Andasibe-Mantadia, featuring 31,654 acres of lushness and encompassing two distinct areas: the small Réserve Spéciale Analamazaotra (often referred to as Pérint), and the much larger Parc National de Mantadia.

In Perinet you’ll have the opportunity to see the largest species of the lemur family, the indri (called Babakoto in Malagasy, which means man of the forest or little father.) Three feet tall, with black and white markings, the indri has an ear-shattering, eerie, wailing sound, somewhere between the song of a whale and a police siren, making this lemur quite unique. There are 9 different species of lemurs in Perinet, where you may be able to see the brown lemur, the mouse lemur, and the dwarf lemur. The largest of the chameleons lives here, and the bird watching is superb: Blue Couas, Vangas, Blue Pigeons, Paradise Flycatchers, falcons, Black Vasa Parrots, Cuckoo-rollers, nightjars, and sunbirds.

Mantadia National Park was created in the 1990s and lies roughly 13 miles north of Perinet. Due to its considerably larger size and untouched primary rain forest, Mantadia's wildlife is more diverse than Perinet's. Indri, diademed sifakas, and black-and-white ruffed lemurs can be found here, although seeing these animals will require some effort as you must follow them on steep and narrow trails.
Surrounded by jungle and forest, Vakona Lodge is perfectly situated for day trips to the surrounding areas. The lodge also has its own small reserve, which offers an excellent close-up experience with a troupe of superb black-and-white ruffed and brown lemurs – a definite visit during your stay here. Accommodation is offered in 24 bungalows, all designed with a delightful "rustic" charm that is perfect in keeping with the location. The main building has been thoughtfully designed as an octagonal reception area, bar and lounge-dining room with a huge log-fire in the middle. The hotel also boasts a curio shop, swimming pool, squash courts and offers horseback riding and forest trekking.

Here, bid farewell to the rest of the group returning home and prepare for your next adventure as you board your late afternoon flight to Nairobi (KQ# 257 at 3:30 pm, currently). For relaxation, guests can unwind in the Spa, which features nine treatment rooms, a sauna, a fully equipped fitness center and an outdoor swimming pool.

DAYS 17/18/19~MONDAY/TUESDAY/WEDNESDAY~AUGUST 19/20/21
NAIROBI/MAASAI MARA
Depart on your flight to the Maasai Mara, Kenya’s most famous wildlife reserve, much the setting for the film Out of Africa. It is classic savannah—grasslands, where animals are plentiful and the vistas spectacular. In this dreamlike land, animals live in freedom, and the Maasai tend their cattle, all sharing the same land with minimal conflict. You will have three days of wildlife-viewing opportunities in the Maasai Mara Reserve, also known as the “Jewel of Africa,” a site with one of the largest and the most spectacular animal migrations in the world. The reserve is inhabited by many of Africa’s most popular wild animals, including lion, cheetah, elephant, leopard, black rhino and hippo. There are also over 500 resident species of birds in the park including ostrich, larks and sunbirds as well as the lovely Lilac-breasted Roller.
The area is famous for rolling grassland and for the Mara River, which runs through the reserve from north to south. The reserve covers an area of 700 square miles and forms part of the Serengeti ecosystem, hosting the world-famous spectacle of the annual migration of up to two million wildebeest, thousands of zebra and an escort of carnivores from the Serengeti plains that follow the rains and succulent new grass. A costly trek as many of the lame, laggard and sick will fall prey to the ravening pack of predators and many more will die in the swirling flood waters of the Mara River as they try to cross it. While the migration depends on many factors such as the rains, you’ll be here during the best time for this spectacle, one of the greatest on earth!

Optional excursions include a balloon safari for an exhilarating experience over the savannah as the early sun rises and the animals are more active. Another, for a nominal fee, is a visit to a Maasai Village to experience this nomadic tribe’s way of life and see their colorful culture.

Kichwa Tembo Camp is an oasis of 40 Hemingway-style tents shaded by dense forest canopy. The camp’s two thatched rondavels overlook the Sabaringo River, shaded by tall fig and ebony trees. In the background, the Olololo Escarpment stretches into the distance. The main living area and all the tents overlook the endless plains of the Mara. The main lodge has a curio shop and reception. The courtyard is candlelit in the evening and the bar and lounge area offers a chance to relax and talk about the day’s safari adventures. The palm-fringed swimming pool is also inviting. Each classic safari tent is spacious and affords total privacy. All tents are luxurious and built of stone floors and canvas and offer a private outdoor deck with sweeping views. In addition, there is an en suite bathroom with shower, stone floors and soft lighting. Each tent stands at least 25 feet away from the next, ensuring absolute seclusion.

**DAY 20~THURSDAY~AUGUST 22**

**MAASAI MARA/NAIROBI**

Enjoy a last chance to photograph that awesome sunrise before flying back to Nairobi. A day room will be supplied for you at the OLE SERENI. You’ll have some time to relax before you are escorted to the airport for our flight to Paris (AF#8003 at 11:59 PM, currently subject to change). As your journey comes to a close, say a fond farewell to your driver/guides and naturalist and promise to come back in the not too distant future. (B, Meals Aloft)

**DAY 21~FRIDAY~AUGUST 23**

**PARIS/Houston**

This morning your jet lands in Paris where you connect with your flights home with the memories of all the wonderful sights of East Africa. (Meals Aloft)

THINGS YOU NEED TO KNOW ABOUT MADAGASCAR & KENYA

- Participants must be able to climb unassisted in and out of minibuses, land cruisers, and small aircraft. They should also be able to tolerate riding on uneven, bumpy dirt roads for long periods of time (6-8 hours maximum), as well as some off-road experiences when opportunities allow.
- To enjoy Madagascar to the fullest, one needs to be able to trek some distances, particularly when visiting forests. To follow playful lemurs, you must be quick on our feet and trek over uneven terrain.
- Participants should also be able to stand and/or walk moderate distances at an easy pace for up to a few hours at a time when visiting villages and towns. Some, if not most, of this walking may be on uneven ground or uphill. This journey is classified as moderately strenuous.

In general, this trip requires:
- Flexibility and good humor: unexpected changes and/or glitches will occur!
- A spirit of adventure and curiosity!
- Interest in and willingness to appreciate a destination with a modest infrastructure and a bending definition of comfort. That being said, some locations are nestled in absolute luxury where pampering is the norm.

Classic Escapes, their staff and their agents cannot be held liable for any visas, etc., not held by the guests, nor for the cost of obtaining visas.
Schedules, accommodations and prices are accurate at the time of writing. They are subject to change.

PRE-DEPARTURE INFORMATION: Upon receipt of your registration and deposit, we will send a pre-departure packet to you. This packet contains all the information you need to prepare for your tour, including the complete itinerary, packing checklist, required documents, etc.

FINAL DOCUMENTS: Final documents and tickets will be sent to you approximately two weeks prior to departure, provided all monies have been paid in full.

TRANSPORTATION

OPTIONAL AIR TRANSPORTATION: Round-trip, economy-class flights via DELTA AIR LINES, AIR FRANCE and/or other IATAN carriers are between HOUSTON and the destination city noted in the itinerary. Rates are based on special promotional fares; cancellation fees apply once tickets are issued. Departures from other cities in the USA are possible at additional cost; please inquire at the time of reservation. Please note that these promotional fares are subject to 10 passengers traveling together on the same airline routing and itinerary. If this minimum is not met, the special group rates are not applicable and it might become necessary to issue instant purchase tickets earlier than when final payment is due in order to take advantage of airfares that are similar to the group rates. Should this occur, you will be contacted with the details.

AIRLINE SEATING: For DELTA AIR LINES and AIR FRANCE, we request seats together for the group. All planes are nonsmoking. We can request a seating preference on your behalf, however, requested seats cannot be guaranteed. Requests should be made in writing no later than 60 days prior to departure. Bulkhead and/or emergency row seats can only be requested at airport check-in on the day of departure. Boarding passes will only be issued at the airport on the day of departure. You may inquire about seat changes during check-in, based on availability and is at the sole discretion of airport staff.

FREQUENT FLYER MILEAGE: As mentioned, we work primarily with DELTA AIR LINES & AIR FRANCE. For a list of the airline’s partners, visit https://www.delta.com/content/www/en_US/skymiles/earn-miles/earn-miles-with-partners/airlines.html. Obtain frequent flyer mileage on any of these carriers. Present your frequent flyer card for all flight check-ins and keep the boarding passes until you receive a statement with the mileage credit.

TRANSFERS: Round-trip airport transfers are included in the tour for guests arriving on group flights. If travelers make their own air arrangements, they will be subject to extra transfer fees.

TRIP DETAILS

ACCOMMODATIONS: You will marvel at the wonderful accommodations provided throughout your tour. All rooms have private bathroom facilities and air conditioning and/or fans. All rates are based on double occupancy. Most rooms are twin-bedded, but king-size beds are occasionally available and should be requested in advance. Accommodations listed in this itinerary are correct at time of writing, but on rare occasions may be substituted for a different property of comparable quality.

MEALS: All meals as specified in the itinerary. Please notify us if you have special dietary needs or requests, and we will do our best to accommodate you.

INOCULATIONS: When it comes to vaccination and disease prevention, we suggest that travelers first review information provided by the U.S. Centers for Disease Control and Prevention (www.cdc.gov/travel) and then review those details with their personal physicians.

WATER: It is always advisable to drink bottled and/or filtered water when traveling overseas. Safe drinking water will be provided to travelers free of charge in the vehicles and during meals.

BAGGAGE: On average, international flights from the USA allow two pieces of checked luggage, each not exceeding 50 pounds; however, we always recommend that you check your airline’s policy just before departure, as luggage limitations are always subject to change. Despite this weight allowance, we always suggest guests travel light. Also, soft-sided duffel bags are ideal for this tour, as they stow best in vehicles and airplanes with limited space.
